**Youth Scholarships at Dyken Pond Environmental Education Center**

Grafton-A gift of time spent in nature can benefit a child for years to come. The Friends of Dyken Pond are proud to announce that scholarships are available to youth for 2023. Youth ages 6 - 13 can apply for a full or partial scholarship to attend Dyken Pond Center's Outdoor Adventure Camp. This week long day camp runs from mid-July through mid-August and provides age appropriate activities in ecology, wildlife and outdoor living skills. Games, hikes and hands on discoveries will give campers a lifetime full of memories. Scholarship applications, camp schedules and details can be found at [www.dykenpond.org](http://www.dykenpond.org) or by contacting the Center at (518) 658-2055 or [dykenpond@gmail.com](mailto:dykenpond@gmail.com). Funds for scholarships are provided in part by McCarthy Charities and Stewart's Holiday Match.
