

A LEARNING EVENT at the Lee Library

Saturday, February 22, 11 am - 1 pm
J. Peter Scolforo Gallery/Meeting Room

EN-ROADS CLIMATE WORKSHOP

Which actions actually work best to address climate change?

Which solutions can significantly limit global warming?

Bob Voss, a member of the Berkshires Chapter of Citizens Climate Lobby, will use an interactive simulation model program to help us to test and explore the impact of dozens of climate solutions. This climate simulator was developed by Climate Interactive, MIT Sloan and Ventana Systems to improve our understanding and know-how about climate issues, using top level up-to-date science.

FREE and **OPEN**

to **ANYONE** hoping to ensure a resilient future for Earth's children and grandchildren and wanting to understand the big picture of what we can do to meet that goal.

Sponsored by the Lee Greener Gateway Committee
