

Join our **Saturday, July 26th** service day from **10 am - 12 pm** to help with **downtown gardens and invasives**
The rain date is Sunday, July 27 from 1-3 pm.

Please let Valerie Bluhm know if you'll join us and what you'd like to do (valerie4748@gmail.com). She'll reach out beforehand regarding where to meet.

Downtown we'll plant more:

- in the gardens at the Chamber's information booth &
- possibly along the alley next to Town Hall.

The invasives work at Golden Hill Town Forest will primarily involve cutting back the honeysuckle.

EVERYONE please bring work gloves and appropriate tools, if you have any; if you don't, we have some. For your safety, PLEASE:

- dress tick smart - and check yourselves and your clothes when you get home
- wear clothes appropriate for the weather

We'll enhance downtown and help native plant species and wildlife thrive.

It's rewarding work, and you'll immediately see the results of your efforts.
